Canieregulation

Guidelines for a successful visit

VERIFY VACCINATION

The **vaccination** record for the dog must be current.

KEEP HIM ON A LEASH

During both high and low seasons, dogs are required **to be on a leash while within the campsite**, with the exception of the agility park located in the field at the rear of the campsite.

MANAGE YOUR PET

Owners must **be able to control** their dogs in all circumstances and ensure that they are well behaved. Owners will **be held responsible** in the event of a dispute.

COLLECT THE DROPPINGS

Owners commit to **picking up after their pets** to ensure everyone's well-being. If you have forgotten your bags, we can provide them on request at reception.

PAY ATTENTION

Petting an animal without the owner's prior permission is **prohibited**.
Pets must not be left unattended in the accommodation. If you choose to leave your pet tied up on your pitch or on the terrace of your rental, it is essential to provide **a mobile phone number** for contact in case the animal disturbs other holidaymakers. Consider the comfort of others; **do not leave the dog alone if you anticipate it will bark.**

TAKE RESPONSIBILITY

Any damage inflicted by the animal on third parties and/or camping furniture is **the owner's responsibility**. The cost of any damage caused by your pet during your stay will be added to your bill.
If the owner fails to keep their animal on a leash, they assume **responsibility** for any potential accidents involving other animals or individuals present at the campsite.
